Video - Photography Service Agreement

Customer: Construction Company 10 Washington Ave, USA

Contact: Project Manager

Prepared by: Bob Hartnett / ALL PRO USA / 412-370-4422 / info@allprousa.com

Project Location: To be determined

Production Scope & Details: Photos & Video will document the pre construction conditions as per the customer provided specifications and documents.

Delivery of Media: Completed Video will be edited to USB Drives. Videos will also be uploaded to an online viewing gallery for viewing, sharing by TCG Team members. Copies of Videos will be retained by ALL PRO USA for a minimum of one year.

Insurance: ALL PRO VIDEO PRODUCTION INC is insured for liability and workers comp. Our C.O. (certificate of insurance) available by request.

Professional Qualifications: ALL PRO USA has been in the business of construction video and photography for over twenty years. View samples of our extensive work on our website www.PreConVideo.com

Safety: ALL PRO USA Team members are OSHA-10 Certified and FAA Licensed for Aerial/ Drone Professional use. Our goal is to provide a non video and photo documentation of the pre construction conditions of work sites and access roads. Team members are experienced and dressed in Personal Protective Equipment safety clothing and conduct themselves in a professional and safe manner.

Confined Spaces: Confided Spaces or underground work is not provided by ALL PRO USA. This includes manholes, tunnels, vaults, pits, ductwork, underground sewer lines, pipelines,

trenches or other similar areas. Confined spaces are areas that have limited openings for entry or exit and are considered dangerous or hazardous areas by OSHA.

Liability and Responsibility: In the event of any dispute, ALL PRO USA only accepts liability for up to the amount of the contract between the customer and ALL PRO USA. ALL PRO USA is not an engineering company and we do not provide the expert service of determining the overall safety or conditions of a job site.

The Video and Photography services of ALL PRO USA may be used as an important tool for avoiding litigation but are not intended as assurance of the overall pre construction conditions. It is the responsibility of the customer to make sure your engineer's team has reviewed the photos and videos prior to the start of construction. If they determine anything else is needed ALL PRO USA will provide additional pre construction video and photos as requested for your project. Additional charges will apply based on the scope.

Our responsibilities and scope of work is limited to video or photo documentation to provide a visual record of the pre construction conditions. In the event of litigation ALL PRO USA is available upon request to provide testimony regarding the authenticity of the videos and photos and methods of recording.

Price: To be determined.

Terms: Paid in full upon delivery of videos and photos
